

WHY DO YOU NEED TO VIGOROUSLY PROTECT YOUR BUSINESS AGAINST SECURITY THREATS?

FBI: There are **two types** of US companies

Those who know they've been hacked...

And those who have been hacked, but **don't know it yet!**

Attacks are coming from all over the world, especially Russia and China

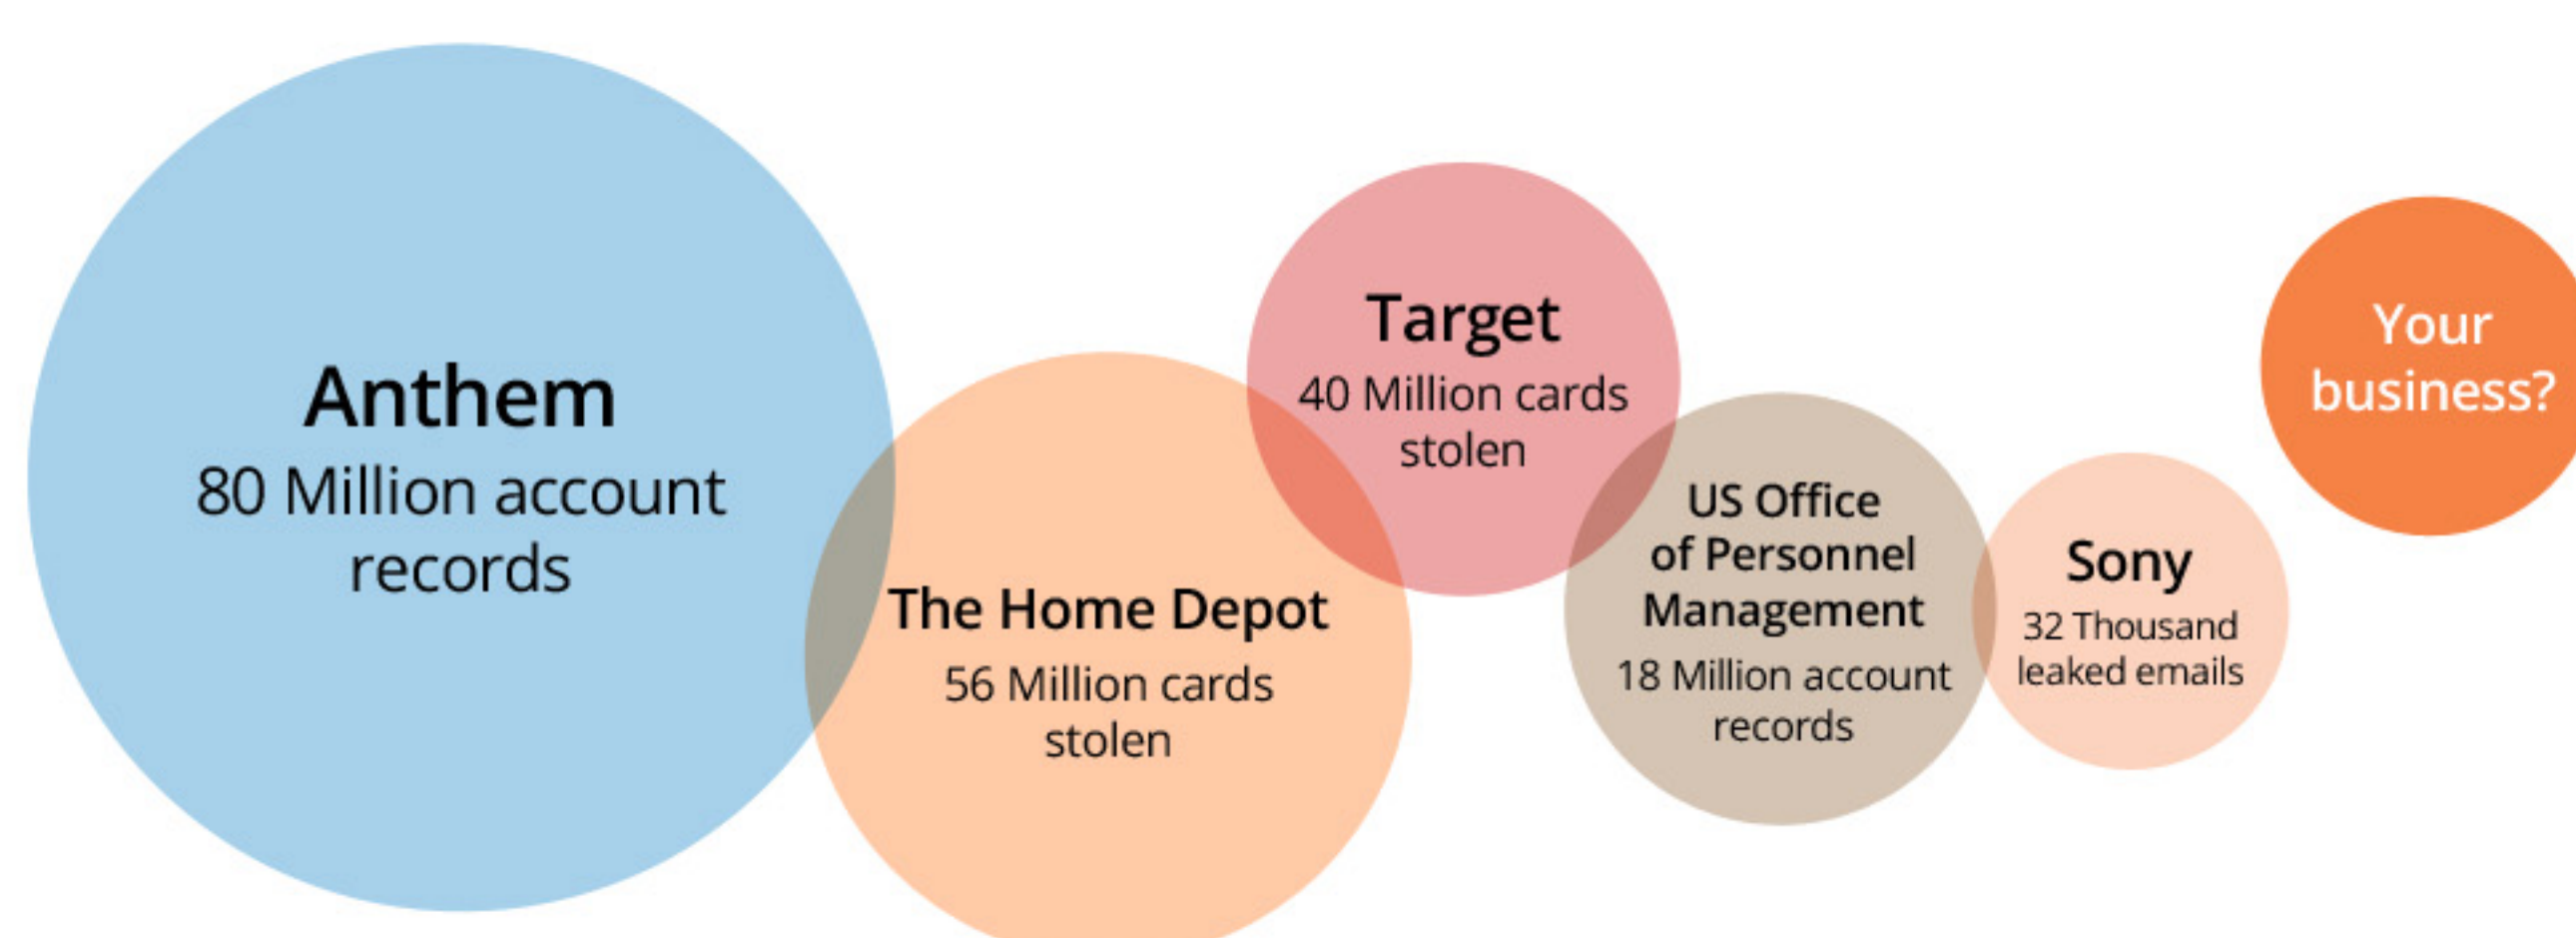

The average cost of a data breach to a company like yours is over \$4 million

80% of breaches are found by third party auditors

and can take an average of 256 days to contain

HIGH PROFILE BREACHES MAKE FOR NEGATIVE HEADLINES

WHAT ARE YOUR OPTIONS TO REDUCE THE RISKS TO YOUR BUSINESS?

Do nothing?

?

Do it myself?

?

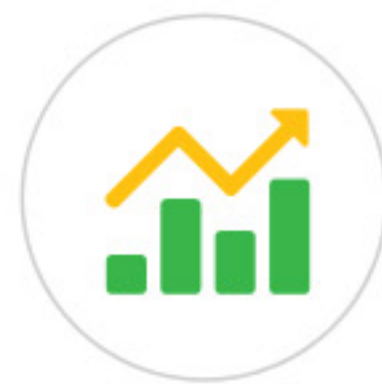

Engage a service provider?

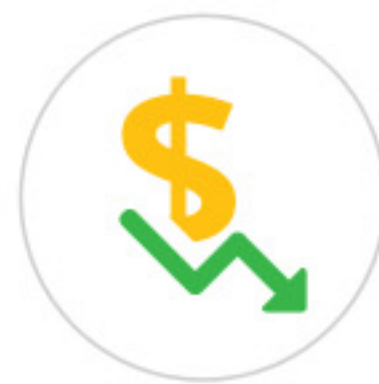

HOW WILL YOU BENEFIT BY PARTNERING WITH AN EXPERIENCED SERVICE PROVIDER?

Secure your business data

Decrease your costs

Take the burden of security from your team so they can drive core business value
